

Temporary Occupancy Permit

Under Ohio Administrative Code 4781-7-01(C), an inspector may issue a temporary occupancy permit before the completion of the installation of the manufactured home, provided that the manufactured home can be occupied safely. Permanent occupancy shall only be granted after the final inspection seal has been affixed to the home in accordance with OAC 4781-7-01. The temporary occupancy permit will be revoked or suspended if the temporary occupancy permit has expired or the manufactured home no longer meets the temporary occupancy permit requirements.
